

Season Standings Led By Steve Fehr

Six events into the season and the PAX championship is still very much alive. Steve Fehr, in his 2010 Porsche Boxster S, currently leads.

Rounding out the top 10 PAX spots:

2. Bobby Smith
3. Ted Collier
4. Stephen Riner
5. Herbert Scranton
6. Roland Wallner
7. Bryan Garcia
8. Jonathan Henderson
9. Alex Hard
10. Rex Loden

Officer Nominations Due Next Month

Next month nominations for the TSCC board will be opening. If you have any questions regarding the board, their roles, or how to get involved/be nominated reach out to the current President—Alex Hard at president@tidewatersportscarclub.com

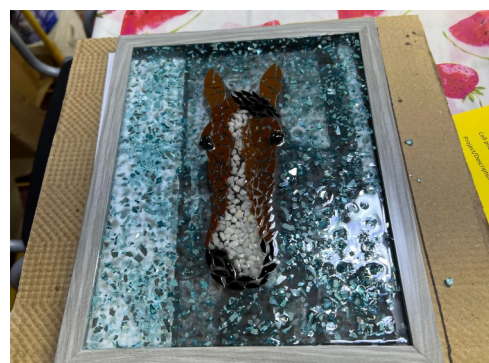

Ladies Night

On August 6th the Ladies of TSCC met at Happy Hour Glassworks, owned and operated by long time member Shawna Buchsen, for a fun night of crafts and companionship. Each member was able to make a custom resin and glass art piece to take home!

The group consisted of current and new members and was a great way to spend time together outside of competition and away from all the noisy guys.

Summer Picnic - A Great Get Together

At the end of July club members gathered at Riverview Farm Park in Newport News to spend an afternoon together hanging out, playing games, and sharing food. The weather was perfect for the event and for once we could spend time together under some shade instead of under the beating sun at the Pungo Airfield.

It was great to reconnect with some members who had been unable to make recent competition events and the club looks forward to hosting more social events like this in the future.

24 Hours of VIR

Sparrow Speed, run by TSCC Member Jason Kennedy, recently competed in the Champcar 24 hours of Virginia International Raceway, coming home 5th in class and 11th overall in a grid of 63 entries. The team completed 476 laps over the 24 hour period averaging 83.78MPH over the course of the event in their 2003 Mazda Miata.

Submit Your Stories, Pictures, and More!

We are happy to be reviving a lost part of TSCC—our newsletter The Steering Column. This is just the start, and we need your help to grow the content we share! Please send us stories, pictures, editorials, columns, or offer to be interviewed for future issues. You can email those or reach out to us at: communications@tidewatersportscarclub.com

Autocross Week

TSCC Member Jeremiah Thomas took on the Summit Racing Autocross Week event earlier this month and brought home second place in his class.

Autocross week is a grueling challenge of speed, reliability, endurance, and planning. The event consists of 4 days of autocross events at different venues hours apart. Contestants must not only be fast at those events, but drive their competition vehicles to each event with no trailers or support allowed. Along the way drivers must hit certain checkpoints on schedule to stay in the running.

Across 620 miles of driving Jeremiah kept his Mini in the running down to the very last event and took home second place. We're excited to see what he, and other members, can do during the event next year.
